

**Overview**

JzTI has developed a sub-specialty in campus planning owing to the experience of its personnel in current and former consulting roles. This has included all aspects of campus master planning with a focus on developing integrated and sustainable internal and external circulation systems. Of paramount importance has been the implementation of street and pathway treatments that enable the safe movements of often high flows of pedestrians and bicyclists in contexts with often heavy localised traffic levels.

**Locations -- Transportation Master Planning**

University of Pennsylvania  
Temple University  
Massachusetts Institute of Technology  
Case Western Reserve University  
University of Arizona  
Monash University Peninsula Campus  
University of Melbourne

**Locations -- Transportation Support & Analysis**

University of Virginia (Carrs Hill) - Transit  
Lehigh University - Traffic  
Arcadia University - Pedestrian Access  
Wesley College - Parking  
University of Florida - Street Design  
University of Central Florida - Transit

**Summary of Campus Planning Services**

**Street Design** -- Traffic calming & intersection safety  
**Parking** -- Management & design  
**Campus Transit** -- Route & operations planning  
**City Transit** -- Accessibility & wayfinding  
**Walking Paths** -- Design & management of traffic crossings  
**Bicycle Paths** -- Facility design & bike parking  
**Building Services** -- Freight access & loading
